

Bone Fide Wealth is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

### What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Financial Planning Services; Retirement Plan Consulting Services; Financial Education Seminars; Asset Management Services; Portfolio Manager to a Wrap Fee Program, and Sub-Advisory and Third Party Management Services.** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Brochure, Items 4, 7, and 8 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/301066>.

**Account Monitoring:** If you open an investment account with our firm, as part of our standard service we will monitor your investments on a quarterly basis.

**Investment Authority:** We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. We have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

**Investment Offerings:** We provide advice on various types of investments. Our services are not limited to a specific type of investment or product; however, we primarily use open-ended mutual funds including no-load and load-waived or mutual funds purchased at net asset value (NAV) and exchange traded funds (ETFs).

**Account Minimums and Requirements:** In general, we require a minimum account size of \$25,000 to open and maintain an advisory account, which may be waived at our discretion.

### Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

### What fees will I pay?

The principal fees and costs associated with engaging our firm for investment advisory services appear below. For detailed information, refer to our Form ADV Part 2A Brochure, Items 5 and 6, and by clicking this link <https://adviserinfo.sec.gov/firm/brochure/301066>.

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Hourly Fees** - Payable in arrears, as invoiced;
- **Fixed Fees** - Payable in advance;
- **Subscription Fees** - Payable in advance;
- **Wrap Program Fees** - Payable quarterly in advance. Asset-based fees associated with a wrap fee program generally include most transaction costs and fees to a broker-dealer or bank that has custody of the assets. Since our firm pays the transaction costs associated with securities transactions in your account, we have an incentive to minimize the trading in your account;
- **Other Advisory Fees** - In addition to our fees, you will also pay advisory fees charged by third party money managers, which are separate and apart from our fees.
- **Additional common fees and/or expenses such as:**
  - Custodian fees;

- Account maintenance fees;
- Fees related to mutual funds and exchange-traded funds; and
- Transaction charges when purchasing or selling securities.

***You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.***

***Key Questions to Ask Your Financial Professional***

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. Because our revenue is derived from asset-based fees, we have an incentive to grow your account as much as possible. This could cause us to take overly aggressive positions in conflict with your interests in an attempt to grow your account, or could incentivize us to inflate the valuations of illiquid investments held in your account.*

Refer to our Form ADV Part 2A Brochure, Items 5, 10, 12 and 14 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/301066> to help you understand what conflicts exist.

***Key Questions to Ask Your Financial Professional***

- **How might your conflicts of interest affect me, and how will you address them?**

**How do your financial professionals make money?**

The financial professionals servicing your account(s) are compensated in the following ways: Salary and Non-cash compensation. Our financial professionals' compensation is based on the the amount of client assets they service, the time and complexity required to meet a client's needs, and the revenue the firm earns from their services or recommendations.

- Our relationship with Commonwealth requires that we maintain a certain level of assets within Commonwealth's program. This creates an incentive to recommend that you establish and maintain your account with Commonwealth, based on our interest in receiving Commonwealth's services that benefit our business, rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions.

**Do you or your financial professionals have legal or disciplinary history?**

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple research tool.
